The Brewer Company Announces the Launch of a New Programmable Power Procedure Table, AssistPRO.

Menomonee Falls, WI - The Brewer Company, a leading manufacturer of power procedure tables, exam tables, seating, and medical lighting, announces the launch of a new Programmable Power Procedure Table, **Brewer AssistPRO**.

Brewer AssistPRO Programmable Power Procedure Table was designed in keeping with Brewer's intended strategy of providing products that enhance patient and medical team safety, efficiency, and comfort in the healthcare environment. **Brewer AssistPRO** has a 450 lb. weight capacity, 3-point adjustable headrest, and easy-to-clean standard seamless upholstery. The **Brewer AssistPRO's** intuitive hand pendant and foot control incorporates easy to use software that is capable of storing four preferred positions into the table's memory. Utilizing a simple programming method, the user can recall any programmed position with the touch of a button. The table ascends to 40" high, and can be lowered to 19" for easy wheelchair transfers. As with all Brewer Power Tables, **Brewer AssistPRO** has a 7 day lead-time and a 3 year warranty.

Cheryl Miller, Vice President of Sales and Marketing at **The Brewer Company** stated, "Once again, Brewer's customer driven design methodology produced a high quality, innovative table that simplifies the programming process". Miller continues to say, "The intuitive design is based on Brewer's philosophy of providing solutions that enhance both the patient and medical team's experience. Brewer continues to provide more options and possibilities for our customers and distribution partners."

Brewer has been a leading manufacturer of medical equipment for over sixty years. Based in Menomonee Falls, Wisconsin, Brewer's complete product line includes the Assist Power Procedure Table, Award Winning Access High-Low Exam Table, Access Exam Table, Basic Exam Table, Element Treatment Table, seating, exam and procedure lighting, IV and instrument stands, carts, and assorted support products.
